VI. Department Policies and Procedures

A. Meetings

1. Department Meetings

- a. Department meetings will ordinarily be held once a month at some time which allows for the greatest number of faculty to attend.
- b. By the end of the second week of classes, the Department Chair or his/her designee, in conjunction with the Executive Committee, shall publish a list of meeting times and dates for the current semester's regularly scheduled meetings. The Chair may call additional meetings as needed. Whenever possible, at least 48 hours notice should be given prior to the convening of a special department meeting.
- c. Whenever possible, the agenda for a Department meeting should be distributed to faculty mailboxes or electronically at least 24 hours prior to the meeting.
- d. Unless otherwise specified, the Department shall operate in compliance with Roberts Rules of Order, Newly Revised.
- e. A quorum for a Department meeting shall be defined as a majority of the voting members.
- f. With the exception of ASPT matters, all POL faculty, those holding A/P appointments in the Department, designated student representatives and civil servants shall have the right to vote in Department meetings. Voting on ASPT related matters is limited to fulltime tenured and tenure track faculty. Voting by proxy will not be allowed except for elections of individuals to committee assignments and other positions.
- g. The Department Chair shall designate either a faculty member or an A/P or civil service member of the Department to prepare minutes of all Department meetings. Approved minutes shall then be kept on file in the Department office.

2. Rules of order

- a. Voting privileges: All POL faculty, those holding administrative/professional appointments in the Department, and designated student representatives have the right to participate in and vote at department meetings on all issues except ASPT matters. Voting on ASPT related matters is limited to full-time tenured and tenure-track faculty. Voting by proxy will not be allowed except for elections of individuals to committee assignments and other positions.

- b. Quorum: Consistent with Robert's Rules of Order, a majority of Department members must be present for a quorum to exist. The Department may hold discussion items without a quorum but voting may only be held at meetings where a quorum is present.

B. Department Elections

1. Terms of office for Department committee assignments shall be from August 16 through August 15. Election to fill these positions will ordinarily take place at a regularly scheduled Department meeting in April. Faculty interested in serving will be asked to sign a form stating their intent prior to the meeting but nominations may still be made from the floor. Sign-up is recommended to ensure that there will be candidates for all positions.
2. When an elected committee member is not able to complete the designated term of office, the Department Chair shall declare a vacancy to exist. At the next Department meeting, the Chair shall conduct a special election to fill the remaining portion of the unexpired term.

4. Nominations for any position which is elected at a Department meeting may be made by self-nomination or by the nomination of another voting member of the Department.
5. Votes may be taken either by voice vote or by written ballot. A candidate must receive a majority of the ballots cast (abstentions not included) to be elected. If no candidate receives a majority on the first ballot a series of run-off elections will be conducted according to the following rules:
 - a. The candidate with the least number of votes will be dropped from the slate, and another vote will be taken among the remaining candidates.
 - b. If two or more candidates are tied with the least number of votes, all such candidates will be dropped from the slate and another vote will be taken among the remaining candidates unless such an action would only leave one candidate remaining. In that case there will be a run-off among the bottom candidates to determine who goes on to face the candidate who had the highest vote total. If there is a tie among the candidates with the highest vote total in this round of the run-off election, the Chair shall conduct a random drawing among these tied candidates to determine which of them should go on to face the candidate who had the highest vote in the first round of the election.
 - c. If a tie exists after the above run-off procedure has reduced the ballot to two candidates, the Chair shall conduct a random drawing to determine who shall be declared as the winner.
6. Voting by proxy is allowed for elections of individuals to committee assignments and other positions when a faculty member is absent for attendance at a conference or is ill. Such proxies must be submitted to the Department Chairperson prior to the meeting and must be for specific named candidates. The existence of these proxies will be announced by the Chair and will be cast by the Department Secretary.

They cannot vote on ASPT issues. They must be full-time students who are majoring in Political Science, and in good academic standing.
 - b. The undergraduate representative, if students choose to have one, shall be selected by a student organization made up of undergraduate POL majors and minors. If there is more than one such organization, the Department Chair will determine which group should be recognized for this purpose on the basis of the number of POL majors who are members and the extent to which they focus on POL concerns.
 - c. The graduate student representative, if students so chose to have one, shall be selected by a student organization made up of POL Graduate students. If there is more than one such organization, the Department Chair will determine which group should be recognized for this purpose on the basis of the number of POL majors who are members and the extent to which they focus on POL concerns

 - b. When electronic ballots are used, the Associate Chair or Chair will disseminate the information to the eligible individuals.

1. Admission to the Major
 - a. External transfers to the major and first year majors are governed by University policies. If and when a Department policy is needed, the Executive Committee will make such policies.
 - b. Internal transfers to the major are decided by the Executive Committee based on resource capacity, enrollment management issues, perceived ability for the applicant to complete the major, diversity concerns and other factors deemed important by the Committee. An application process requires internal transfers to apply to the major and admissions decisions are made twice per year, September and February.
 - c. The Undergraduate Advisor will communicate to internal transfers as to whether or not they were accepted into the major.
2. Admission to the Graduate Program
 - a. Admission to the Graduate Program in Political Science requires application through the Admissions Office, including submission of official transcripts from *all* previous college coursework and GRE scores.
 - b. To be admitted to the Master's Degree Program in Political Science, a student should have at least a 3.0 grade point average for the last 60 hours of undergraduate work (where "A"= 4.0). Also, a student must have successfully completed at least 15 hours of Social Science courses with a minimum 3.0 GPA. Finally, three letters of recommendation, a statement of purpose explaining how our program fits their academic and professional plans, and GRE scores in the verbal and quantitative areas must be submitted. Students are also encouraged to submit an example of their written academic work.
 - c. If space is available, students whose undergraduate grades fall somewhat below this standard may be admitted on probation. Students who lack adequate background in Political Science may be required to take additional courses to remedy deficiencies.

E. Faculty Assignments

1. Faculty Assignments will be made by the Department Chair prior to the beginning of fall semester and will be communicated to the faculty.
2. Faculty selected for additional re-assigned time for outstanding research shall be selected by the DFSC.
3. The Department will establish two separate pools for one course reduction per year for scholarly productivity. The DFSC shall be allowed to grant 0 or 1 course per year release in each of the two categories: Pre-tenure and post-tenure. Faculty are eligible to win the award every other year. The one course release must be used in the

following academic year unless the faculty member is on a full year sabbatical that year or it is at the request by the DFSC due to curricular needs and/or fiscal conditions.

4. The Department shall grant a one course reduction to all new tenure-track faculty in their first year at ISU.
5. Sabbaticals
 - a. The Chair or his or her designee shall publicize the availability of sabbaticals to all eligible faculty.
 - b. The DFSC will rank the sabbatical proposals if necessary.
6. Space Assignments
 - a. All faculty are assigned offices by the Department Chair using seniority by rank and in the Department.
 - b. When an office becomes vacant, all faculty in order of seniority are asked to indicate whether or not they would like to change offices.
 - c. Office assignments are then made based on seniority in rank.
7. Graduate Assistant (GA) and Paid Undergraduate Teaching Assistant (UTA) Assignments
 - a. The Director of the Graduate Program, in consultation with the Graduate Committee if one is appointed, shall make GA and paid UTA assignments.
 - b. The Director of the Graduate Program will poll faculty requesting a GA or a paid UTA according to needs and GAs and paid UTAs will be assigned using the following priorities:
 - i. large sections of classes
 - ii. scholarship

F. Teaching Evaluations

1. Consistent with University policy all courses must be evaluated each semester.
2. Faculty cannot perform their own course evaluations but may trade with faculty in the Department or other departments or use graduate students (who are not assistants in the specific course being evaluated) to administer the evaluations.
3. The individuals administering the evaluations must return the completed forms to Department secretaries so that the reviewed faculty do not have access to the completed forms until after grades are made available to students by the Office of University Registrar.

G. Summer Employment Policy

1. On the advisement of the Curriculum Committee, the Chair shall recommend the scheduling of the summer courses. Scheduling will be based on curriculum needs. To ensure a fair distribution of opportunities for summer teaching, the department prioritizes faculty whose request for courses meeting curricular needs have not been fulfilled in the previous year.
2. Faculty compensation for summer teaching will be determined by the Department.

VII. By-laws Dispute Resolution

- A. Disputes about the interpretation of any clause, or allegations of any violations, of the Department's governing document should be resolved in the Department if possible.
- B. Faculty or staff alleging violations or misinterpretations of Department by-laws should first bring their concerns, in writing, to the Executive Committee in a timely manner. The Executive Committee will review the alleged violation or misinterpretation and, ordinarily, make a decision that a violation or misinterpretation has or has not occurred. Should the Executive Committee find that violation or misinterpretation has occurred, the Chair will enact whatever administrative or other adjustments that are needed to bring the Department's actions in line with the findings of the Executive Committee.
- C. The Executive Committee has the option of referring the matter to the DFSC or to a Department meeting if a majority of members of the Executive Committee believe such a referral to be necessary. Likewise, the DFSC reserves the right to refer the matter to a Department meeting should a majority of members vote to do so. Such referrals may occur, for example, if the Chair disagrees with the finding made by the Executive Committee or the DFSC; if the committees are unable to resolve the matter internally; or if the committee(s) believe the matter is of sufficient importance that the entire Department ought to be informed and involved in the issue. The sole exception to this right of referral is in matters of personnel protected by privacy rights.
- D. Should the Executive Committee, DFSC, Chair and/or Department be unable to resolve the dispute, the Chair will inform the Dean. In matters not involving personnel or faculty, student and staff rights and privileges, the Department accepts that the Dean's decision regarding the misinterpretation or violation are final for the dispute of the moment. In matters involving personnel or faculty, staff and student rights and privileges, the matter will be referred to the appropriate university body for consideration and recommendation. The Department accepts that the recommendation of college or university committees overseeing faculty, staff and student rights and privileges in matters of alleged violations or misinterpretations and final for the dispute of the moment.

VIII. Amendments to the By-laws

- A. Amendments to these by-laws must first be disseminated to the Department before a formal vote can be taken on them.
- B. An affirmative vote by a majority of full-time faculty holding rank in the Department is needed to amend these by-laws.
